In your words or pictures, tell/draw why

helps you thrive.

(Suggestions : Name a person, school, parish or youth group)

i Tips

The role of adults is to listen, work with and be part of the conversations with children about what is important to them and their safety so they can thrive.

God's love helps us thrive. Children thrive when they can grow, develop and succeed while living free from fear or harm.

Children can either write/draw their suggestions on who or what makes them thrive. Older children can do this independently. With younger children, you may need to ask them about their drawings on thriving and record their story.

Hey!

God gave all people the right to feel safe at all times.

Remember!
Nothing is so awful that we can't talk with someone about it.
